

Century Middle School's Resource Closet

Purpose

Century Middle School is proud to announce Hailey's Closet. This is a community closet with clothes, food, household items and school supplies for our students and their families in need.

What is the Resource Closet?

Due to a large grant from The Five Star Education Foundation, who partnered with other funders, we are able to purchase new clothing, food, household items and infrastructure to create a resource closet for students and their families. With partnerships with the Five Star Education Foundation and other donors, we hope to help our Century families and community with these resources.

How to shop the Resource Closet

In an effort to make items in Hailey's Closet available to our students and their households, please call our main office at 720-972-5240 or stop by Century Middle School, 13000 Lafayette St. and we will be happy to help you.

**A special thank you to our partners, sponsors, donors
and supporters!**
